

ZYLK HEALTH – PRIVACY POLICY

Last Updated: July 2026 **Data Fiduciary:** InGenX Labs (OPC) Private Limited / Zylk Health
Governing Law: Digital Personal Data Protection (DPDP) Act, 2023 (India)

Welcome to Zylk Health ("Platform", "we", "us", "our"). We are committed to protecting your personal and medical information. This Privacy Policy outlines how InGenX Labs (OPC) Private Limited acts as a "Data Fiduciary" to collect, process, store, and protect your digital personal data when you use our website, take our health assessment, or purchase a Care Plan kit.

By accessing our Platform, verifying your phone number, or proceeding with a medical consultation, you provide your explicit, affirmative consent for us to process your data as outlined in this document.

To provide you with asynchronous telemedicine care and physical products, we strictly adhere to the principle of "data minimization" and collect all the data necessary for your Care Plan:

Under the DPDP Act, 2023, we process your data under the basis of specific, informed consent. We use your data strictly for the following purposes: To securely transmit your health data and scalp photographs to an independent Registered Medical Practitioner (RMP) so they can evaluate your suitability for Schedule medications and physical wellness tools. To generate e-prescriptions, package your Care Plan kit in our Tirunelveli fulfillment center, and ship it to your address. To send OTP verification codes, medical assessment reports, prescription updates, and shipping tracking links. To anonymize and aggregate demographic data to improve our venture studio's digital healthcare offerings.

When you enter your phone number and click the verification button anywhere in our platform, providing email you explicitly consent to receive communications via Phone and WhatsApp. This includes both mandatory transactional updates (your doctor's Care Plan, coach outreach, and OTPs) and optional promotional marketing (expert hair care tips and Zylk Health exclusive offers). You may withdraw your consent for promotional marketing at any time by replying "Stop" or utilizing the "Unsubscribe" buttons within the WhatsApp chat. Opting out of promotional offers will not disrupt your transactional medical care or prescription refill updates.

We do not sell your personal data to data brokers. We share your data strictly on a need-to-know basis with authorized "Data Processors" who are legally bound by confidentiality agreements: **Independent RMPs:** Your sensitive health data and photographs are shared with licensed doctors via a secure portal to facilitate your telemedicine consultation. **Logistics Partners:** Your name, address, and phone number are shared with courier partners (e.g., Delhivery, BlueDart) to deliver your kit. **Payment Gateways:** Your billing details are processed securely by RBI-authorized payment aggregators (e.g., Razorpay, Cashfree). **WhatsApp API Providers:** Your phone number is processed through authorized WhatsApp Business Service Providers to deliver your medical reports and updates.

If you believe your privacy rights under the DPDP Act, 2023 have been violated, or if you wish to exercise your rights to access, correct, or erase your data, you must first contact our internal Grievance Officer via customer care email or phone given below:
